

Vigilant Wine Cellars

At Vigilant, we offer the best wine storage solutions for wine cellars, rooms and closets to meet your exact needs. We have three wine storage offerings including, Premium, Custom and Standard. Our Premium line is our highest-quality custom selection including solid panel materials and more high-end decorative options. The Custom line allows you to use more traditional storage components while tailoring your wine cellar to your specific needs. Our Standard wine racks are offered in two wood species and two height options providing the largest kit selection in the industry. All our wine cellar offerings can be mixed together to meet your aesthetic and budget needs.

Vigilant Advantage

All of our wine storage products are backed with the best warranty in the industry. We are committed to craftsmanship, exceptional design and most importantly our customer's 100% satisfaction. We are proud to say all of our products have been handcrafted in our Dover, NH facility and that we have an A+ BBB rating since 2006.

Luxurious finish and quality decorative elements give you a wine cellar that wows!

Mix premium racking options with custom or kit components to give your wine cellar extra detail and decorative quality storage.

Two-tone finished cabinetry and racking provide a modern look that adds depth and texture to your wine room.

Solid cubbie shelves, scalloped and rotating display racks, custom heights, depths, cabinetry and taller decorative moldings are some of the features of Vigilant premium wine cellars.
